REPORTS

§ 1001.30 Reports of receipts and utilization.

On or before the 8th day after the end of each month, or not later than the 10th day if the report is delivered in person to the office of the market administrator, each handler shall report for such month to the market administrator, in the detail and on the forms prescribed by the market administrator, as follows:

(a) Each handler, with respect to each of the handler's pool plants, shall report the quantities of skim milk and butterfat contained in or represented by:

(1) Receipts of producer milk (including the specific quantities of diverted milk and receipts from the handler's own production);

(2) Receipts of milk from cooperative associations in their capacity as handlers under § 1001.9(d);

(3) Receipts of fluid milk products and bulk fluid cream products from other pool plants;

(4) Receipts of other source milk;

(5) Inventories at the beginning and end of the month of fluid milk products and products specified in § 1001.40(b)(1);

(6) The utilization or disposition of all milk, filled milk, and milk products required to be reported pursuant to this paragraph.

(b) Each handler operating a partially regulated distributing plant shall report with respect to such plant in the same manner as prescribed for reports required by paragraph (a) of this section. Receipts of milk that would have been producer milk if the plant had been fully regulated shall be reported in lieu of producer milk. Such report shall show also the quantity of any reconstituted skim milk in route disposition in the marketing area.

(c) Each handler described in § 1001.9(d) shall report:

(1) The quantities of all skim milk and butterfat contained in receipts of milk from producers; and

(2) The utilization or disposition of all such receipts.

(d) Each handler shall report bulk milk received at a handler's pool plant from a cooperative association in its capacity as the operator of a pool plant or as a handler under § 1001.9(d), if such milk was rejected by the handler subsequent to such handler's receipt of the milk on the basis that it was not of marketable quality at the time the milk was delivered to the handler's plant, and such milk was removed from the plant in bulk form by the cooperative association and was replaced with other milk from the association. Except for purposes of this paragraph and § 1001.31(b), such milk that was so removed from the handler's plant shall be treated for all other purposes of the order as though it had not been delivered to and received at the handler's plant.

(e) Each handler not specified in paragraphs (a) through (c) of this section shall report with respect to the handler's receipts and utilization of milk, filled milk, and milk products in such manner as the market administrator may prescribe.
